Through the activity of Frank H. There is a scarcity of speakers for Connecticut rallies in the present presidental campaign and it is said that the scarcity is due to a feeling of the national committee that the state of Connecticut is practically safe and that the speakers can use their efforts to more advantage in other states particularly throughout the middle west.

On the 25th of this month Senator william Paul Dillingham of Vermont and U. S. Representative Joseph Walsh of New Bedford will address the local republicans. The second rally will be held on November 3rd,

It is doubtful if designers have ever lavished so much attention or such good taste upon such an accessory to the costume, as they have this season. We have selected a charming array from the hundreds of designs which are now offered, and our Neckwear Department is now a center of interest for all.

Here is a new collar, there a new set, and then a wonderful cape-like collar. What beauties they are. One surely cannot help admiring every one.
